Re: Appeal for Denial of Funding Request Numbers; 1128839, 1128878
Decision on Appeal to the USAC **Denied in full**

Please refer to CC Docket No.02-6

I am seeking reversal of the SLD'S decision to reject the form 471 application for failure to sign block 6, Item 34, of the Form Certification and Signature page. In defense of the failure to sign the signature block, I asserted that while signing multiple copies of the form 471, I inadvertently failed to sign one signature block.

In the past years, I successfully made every effort to comply with the SLD'S rules. I ask you to take this into account while considering this appeal. I hope that you will reverse the decision to deny the application, based on previous years of full compliance with the rules and regulations of the SLD program. I also ask that you take into account that some days are very busy and stressful and therefore mistakes will occur that normally wouldn't.

I thank you for your cooperation in this appeal process and look forward to a favorable response.
